Thank you for your interest in enrolling your child in our program. We are committed to making your child's introduction to a school setting a fun and positive learning experience. Our center offers a variety of activities both inside the classroom and outside of the classroom (i.e. field trips, special events, etc.) all centered on God's Word.

**Curriculum:** We use The Horizons Curriculum from Alpha Omega Publications. This Christian schools curriculum introduces preschoolers to formal learning with hands-on activities, games, and daily lessons. Laying a solid foundation in Christian values, each lesson starts with Scripture and flows from a biblical theme that incorporates social studies, language arts, math, phonics, science, cognitive development, pre-reading and numeracy skills, language acquisition, school readiness and more! Plus, each enduring lesson is filled with arts and crafts, music, story times, health and safety, and other exciting learning adventures!

**Ages:** 3-5 years of age by Sept 1 (current school year) for our Weekday Preschool  
1-5 years of age for our Mom's Day Out program
